NEWS FOR IMMEDIATE RELEASE

MDL Technology Receives Managed IT Industry's Top Award

Technology Assurance Group Recognizes MDL Technology as the Elite Provider at their 25th Annual Convention

NORTH KANSAS CITY, MO — May 16, 2025 — MDL Technology, a leading managed technology services provider, announced today that the company received Technology Assurance Group's top award at the association's 25th Annual Convention event held in Las Vegas on April 26th. Technology Assurance Group, an organization of leading managed technology services providers (MTSPs) representing \$1 billion in products and services, selected MDL Technology as the winner of the "Rising Star Award" for exceptional economic performance and superior customer satisfaction. MDL Technology was highlighted as a premier provider during a prestigious awards ceremony attended by TAG's Member companies and leading technology manufacturers.

TAG's highly sought-after Rising Star Award is given based on overall financial performance, customer satisfaction, and the ability to provide customers with cost-effective technological solutions. "In 2025, MDL Technology experienced phenomenal growth that propelled them past the best companies in the industry," said Brian Suerth, President of Technology Assurance Group. "MDL Technology's ability to provide leading-edge cybersecurity and IT solutions, that increase their clients' performance and productivity, has fueled the company's overall success. In addition to offering industry-leading technology solutions, they maintain a highly talented team of professionals that deliver world-class

technical services. MDL Technology is an exceptional Member of TAG; one that is dedicated to applying best business practices that continually improve their organization. It was our privilege to showcase such a fine company at our annual event.”

TJ Bloom accepted the award for the company. “It’s great to be recognized by TAG for our performance,” said Mr. Bloom. “MDL Technology has continually worked at refining business processes and providing customer-focused innovation at all levels of our operations.”

ABOUT MDL TECHNOLOGY

[MDL Technology](#) is a Kansas City-based managed technology services provider delivering strategic IT, cybersecurity, cloud, infrastructure, and communications solutions to organizations throughout the Midwest and across the United States. MDL Technology partners with businesses, healthcare organizations, nonprofits, financial institutions, and professional service firms to simplify technology, strengthen security, and improve operational performance.

The company’s consultative approach combines enterprise-level expertise with responsive local support, helping clients align technology with business goals while reducing risk and increasing productivity. MDL Technology’s services include managed IT support, cybersecurity, cloud solutions, network infrastructure, communications, disaster recovery, and strategic IT consulting.

With a focus on long-term partnerships, innovation, and customer service, MDL Technology is committed to delivering reliable, scalable technology solutions that help organizations grow and operate with confidence.
